The Green Schools Foundation (GSF) is a dedicated group of parents, devoted alumni, educators, community leaders and local business people whose mission is to engage with the community, schools and families to provide resources that enrich the educational experience.

Support for the Foundation comes entirely from contributions from individual and corporate memberships and fund-raising events.

Our district has a rich heritage of excellence in education and is committed to ensure that this tradition will continue.

Your contribution enriches the lives and education of children.
